## Best Practices 2021-22

### BEST PRACTICES 2021-22

#### 1. "Safe Living": Social and Environmental Sustainability in Post-COVID times

The institute has made tremendous efforts to imbibe values related to social and environmental sustainability in the post-COVID times. The pandemic had a profound impact on the mental health of all stakeholders and it was necessary to restore our commitment to individual and social values as well as renew our vows toward environmental preservation. The college celebrated Earth Day on 22nd April 2022 with active participation of faculty and students of the Dept. of Geography. The parthenium eradication drive was hosted by the Dept. of Botany, Green Club and NSS on 29th June 2022 to promote the maintenance of a clean campus. In order to secure our societal obligation the college also conducted a Blood Donation Camp on 10th May 2022. The Yoga Centre also offered a course on Yoga and Meditation to foster the mental health aspects of the students.

#### 2. Inclusive Growth & Transformative Skill Development

The institute has expanded its developmental agenda to include the community, surroundings and all categories of stakeholders. Inclusive growth ensures that opportunities and access are distributed fairly across society and helps in improving the quality of life of all groups of individuals. The institution has undertaken a transformative skill development programme to achieve this goal and has extended its services to the college alumnus, to primary level learners in its adopted school and to residents of its adopted village. The Career Counselling Cell of Narajole Raj College has organized Free Coaching Classes for Young Aspirants on W.B.C.S and Allied Services from 30.04.2022 (ongoing) to cater to the needs of the current students and alumni members.
