

MY RABINDRANATH

The students of the Department of English can never forget their roots, their Kabiguru. If Shakespeare has given us wings, Rabindranath Tagore has nourished and nurtured us in his beautiful abode of imagination. Kabiguru has provided solace in times of distress, has provided deep realizations about life when we lost ourselves in darkness. He has made us cry, and laugh, and fly, and soar. We've learnt to hold our head high and explore the world with a fearless soul. Everyone of us, each throbbing young Bengali heart... we have our very own Rabindranath whom we cherish in the fathomless depths of our existence. Thus evolved this idea of paying homage to "My Rabindranath", through lines and colours. Every picture we present is essentially "My Rabindranath".

We sincerely thank all our teachers of the Department for always being by us, helping us achieve and explore new horizons. We shall remain forever indebted to our respected Principal Sir for his enthusiastic and ever-inspiring presence. He has provided the impetus to look beyond the horizon. We feel confident to have a pillar like him always supporting us in all our endeavours.
